You may know more than me
Well I don't care, I don't want your tit
cuz life already has too much shit in it
I don't care if you're left behind
All I know it's party time.
love now but don't fall for anyone
1 time and you can have plenty fun
If you can see whatever you want to see,
Then you can be the seed of any tree.
You, you
And saying you start the party
We're getting started.
One life and it's spherical,
I'll take you down like a miracle. [repeat]
High tide in the summer time. (Repeat 4)
High tide you wanted to fuck with me, I got my
Motherfucking shotgun and I'll blow you away
I'll take a drive by any day.
I like the girls that go round and round.
I like the girls that go up and down.
I like the girls that make a sound.
Pon el culo en el aire, y comienza nuestro baile.
Pon el culo en el aire, y comienza nuestro baile.

Only we go when we ombombury.
Always we go when we go hardy.
