Turn it off, turn it off the station
Screw the new, screw the new sensation
You can re, you can relocation
Become an alien mutation

But you don't really hear me do you?

They call you crazy cause they know you're right
Oh yea, it's nearly impossible
To please all of the people all the time
Oh yea, it's nearly impossible
To do the things you do so easily
You've come so far in this life,
In this life anything is impossible

The girls I know they play for
If they breath, If they're breathin at all
The band is pumpin out retro-action
To the drummers dissatisfaction

But you don't really hear me do you?
You just dont want to hear me do you?
You really don't hear me now do you?

They call you crazy cause they know you're right
Oh yea, it's nearly impossible
To please all of the people all the time
Oh yea, it's nearly impossible
To do the things you do so easily
You've come so far in this life
In this life anything is impossible

You can't bereave me, Deceive me
Watch me on TV no more
You can't bereave me, Deceive me
Watch me on TV no more

Turn it up, Turn it up the station
We wanna hear, wanna hear the sensation
We can re, We can relocation
Become an alien mutation

But you just didn't hear me did you?

They call you crazy cause they know you're right

Oh yea, it's nearly impossible

To please all of the people all the time

Oh yea, it's nearly impossible

To do the things you do so easily

You've come so far in this life

In this life anything is impossible
