Visit "[Cater To Your Ego](#)" on [MotoLyrics.com](http://MotoLyrics.com)

there's something in the water  
someone breathing your air now  
it will all have to wait  
it's quite important that we tie you down and keep you  
there

- chorus -

she's all gone, shunned by everyone  
if you wait too long, they'll cater to your ego  
i believe in your head  
all the answers are wrong

she didn't count on the backlash rejection  
petty little juvenile crimes now  
tell me who you startin' to date little girl  
a boy or the world  
maybe they dig pretention  
maybe you dig taboo, now  
it'll all have to wait  
until we analyze the data when they're thru with you

- chorus -

she's all gone, shunned by everyone  
if you wait too long, they'll cater to your ego  
ms. know-it-all, it's hard to pick a side  
will they break your fall or assassinate your tour guide  
i believe in your head  
all the the tension is gone

- chorus -

she's all gone, shunned by everyone  
if you wait too long, they'll cater to your ego  
i believe in your head  
all the answers are wrong
