Excuse me but I need a mouth like yours
2 help me forget the girl that just walked out my door
Funny but it seems that you're alone like me
If U r go let's come see what we can see

Ooh, little darlin' if you're
free 4 a couple of hours
If U ain't busy 4 the next 7 years
Say, let's pretend we're married and go all night
There ain't nothin' wrong if it feels all right now
I won't stop until the morning light
Let's pretend we're married and go all night, tonight

Ooh-we-sha-sha-coo-coo-yeah
All the hippies sing together tonight

Excuse me but I need your chemistry
Don't U wanna be my fantasy?
My girl's gone and she don't care at all
And if she did -- So what? C'mon baby, let's b-b-ball

Ooh little darlin' if you're
free 4 a couple of hours
If U ain't busy 4 the next 7 years
Oh I say let's pretend we're married and go all night
There ain't nothin' wrong if it feels all right now
I won't stop until the morning light
Now Let's pretend we're married and go all night,
tonight

Ooh-we-sha-sha-coo-coo-yeah
All the hippies sing together tonight

Ahh, Prince Rogers Nelson, his royal badness
The man in the purple cape
you know, back in 78 remember?
he had an afro
prince came out
dirty mind, controversy
boy my sister loved that, especially the cover

then 1999, thats where this little baby, this little gem

was constructed
then purple rain
man i'd love to have touched appolian you know, the
way he
did, you know
and then went around the world in a day
he's like, getting all crazy, you know
parade, charade, sign of the times, love sexy, fat man
diamonds and pearls, and then, swing
what the fuck is swing?
who names an album swing, not to mention your own
personality
oh my god

Excuse me but I need a mouth like yours
2 help me forget the girl that just walked out my door
Let's pretend we're married and do it all night
I won't stop until the morning light
Let's pretend we're married.. free for a couple of hours
and if you aint busy for the next 15 minutes

Let's pretend we're married and go all night
There ain't nothin' wrong if it feels all right now
I won't stop until the morning light
Now Let's pretend we're married and go all night

Ooh-we-sha-sha-coo-coo-yeah
All the hippies sing.. sing.. sing hippies
