[Big Gemini]

Gemini

Russell Lee

Happy P

Come on

[Chorus: Russell Lee]

Have you ever met somebody

That will love you like I do

I'm goin' crazy

Crazy for you

And have you ever known somebody

That would give it all for you

I'm goin' crazy

Crazy for you

[Big Gemini]

I've always

Been by myself, live life by myself

Never cared for solitude, just cared for the wealth

Steady stackin', never slackin', with no time to be
wasted

While these other dudes chasin' broads, I was chasing
that paper

But then (But then)

Came you (Came you)

And it was, over baby, I was, goin' crazy

For you

And I ain't felt this way in a minute

And I ain't gon' lie to you mama, shit, I'm startin' to dig
it

For real

[Pre-Chorus: Russell Lee]

Everything about you is what I like

I go crazy and I lose my mind

I trade my world and I give my life

Life

[Chorus]

[Big Gemini]

And everyday, you make it clear that you don't wanna
be replaced
Just by them little things you do
By them little things you say
Five years done past
We done went through some drama
From court dates to miscarriages, to you losin' your
mama

[Bridge: Big Gemini]

But now (But now)
I see (I see)
That you my, one and only, baby
Oh, I'm goin'
Crazy
I can't eat (I can't eat)
I can't sleep (I can't sleep)
No more, no more

[Big Gemini]

It's like I toss and turn at night
Memories is my pain
I keep hearin' you laughin'
Screaming, callin' my name
Then my eyes open wide
And I see you ain't there
Then the joy from them years, they turn into a
permanent tear
Of ink

[Chorus]

[Big Gemini]

My only sanity in these walls is just the thought of you
Paradise up in my mind just for a second or two
But then it's gone (Then it's gone)
And I gotta go, too
Because I change my ways, ma, I'm comin' home to
you
For real

[Chorus]

[Big Gemini]

I'm goin' crazy for you
