Pop Pop music, saved my life (or did it)X3
Pop Pop music, saved my life
Whoaaaaaaaaaah
Pop pop music, saved my life

Today I'm so lonely I just wanna die
Today I'm so lonely but instead I'll cry
Cause the only girl I've ever had
Is gone away and left me sad
Took her bags and said good-bye
And the tears I couldn't hide
Now I'm spilling some blood on a page
Singin' songs about heartache, heartbreak and
masturbation (Masturbation)
