Until then I'll love you bittersweet

It's hard to find the things to say
I'm vulnerable and frail
So I wrap my heart in bubble plastic
Just in case it breaks

Before you and I go much further now
I'm asking you to please tell me

Do you really want my love?
Is it really me you're thinking of?
When you smile at me
It's so bittersweet, let me know
Before tomorrow comes along
Cause baby I'm already in too deep
Until then I'll love you bittersweet
(Until then I'll love you bittersweet)

I can't let go but this I know
I won't let you stay
If you're not sure about the way you feel
About the two of us today

Before you and I go much further now
I'm asking you to please tell me

Do you really want my love?
Is it really me you're thinking of?
When you smile at me
It's so bittersweet, let me know
Before tomorrow comes along
Cause baby I'm already in too deep
Until then I'll love you bittersweet
(Until then I'll love you bittersweet)
(Until then I'll love you bittersweet)

It's heaven when you say it's you and me
But hell when you're gone mysteriously
I'd rather be alone then lost and torn
Maybe I must make it on my own

I'm feeling incomplete
Loving you is so bittersweet

Do you really want my love?.....

Do you really want my love?
Is it really me you're thinking of?
When you smile at me
It's so bittersweet, oh let me know
Before tomorrow comes along
Cause baby I'm already in too deep
Until then I'll love you bittersweet

Until then I'll love you bittersweet

Until then I'll love you bittersweet
