Ooh ooh ooh
Ooh ooh ooh ooh ooh
Ooh
Ooh ooh ooh
Ooh ooh ooh ooh ooh
Ooh

How come we feel so alone
An endless road we're so used to travel
But in the rearview mirror
Things get clearer
We start to know when it's too late
Let go and make your own fate

And just dance like nobody's watching
Close your eyes, roll the dice, let go for a moment
And just dance like nobody's watching
Make everyday count, get up when you're down
And just dance, come on and just dance

So long we lived beneath the veil
So afraid to make a wrong turn
But in the rearview mirror
Things get clearer
We start to know when it's too late
Why be good when we can be great
And just dance like nobody's watching
Close your eyes, roll the dice, let go for a moment
And just dance like nobody's watching
Make everyday count, get up when you're down
And just dance, come on and just dance

Ooh ooh ooh
Ooh ooh ooh ooh ooh
Ooh
Ooh ooh ooh
ooh ooh ooh ooh ooh
Ooh

And just dance like nobody's watching
Close your eyes, roll the dice, let go for a moment
And just dance like nobody's watching

Make everyday count, get up when you're down
And just dance, come on and just dance

Woah, come on and just dance
Come on and just dance
