(Baby when you're gone)  
It's like a bomb  
Set off in my heart, in my heart  
(Baby when you're gone)  
I'm holding on  
To love in my heart, in my heart  
(Baby when you're gone)

I won't wait  
So impatient for you to be with me  
And time is running so slow  
I just want you to know

(Ooh Ooh Ooh)

Cause baby I know it's crazy  
How it's been lately  
I just wanna fast forward to you  
I know it's been raining  
But we can make it  
I just wanna fast forward to you

to, to you, aaah  
to, to you, aaah  
to, to you

(Baby when you're gone)  
There is no one  
Replacing your heart, your heart  
(Baby when you're gone)  
I come undone  
I just fall apart, fall apart

I won't wait  
So impatient for you to be with me  
And time is running so slow  
I just want you to know

Cause baby I know it's crazy  
How it's been lately  
I just wanna fast forward to you

I know it's been raining  
But we can make it  
I just wanna fast forward to you

To, to you, haaah  
To, to you, haaah  
To, to you

Haaah, to, to you, haaah  
To, to you, haaah  
To, to you

Cause baby I know it's crazy  
How it's been lately  
I just wanna fast forward to you  
I know it's been raining  
But we can make it  
I just wanna fast forward  
I just wanna fast forward to you  
Fast forward to you

To, to you, haaah  
To, to you, haaah  
To, to you

Haaah, to, to you, haaah  
To, to you, haaah  
To, to you
