Could have been so easy
Could have been a friendly face
Yeah, It could have been simple
Could have a true hat?, but thats not the case

Tell me who are you
To be calling me names
Your making yourself the fool
Ain't that a shame

You can call me Lier
Cheater
Looser
Takes one to know one
You can say im bitter
Call me quitter
Takes one to know one
(Takes one to know one)
Yeah it takes one to know one
And I know you

I pointed fingers
And the point is lost on me
Do you hate to see me happy
Dose it fill you with jealousy
Watching you try to prove
That putting me down
Sorry the jokes on you
Like tears of a clown

You can call me lier
Cheater
Looser
Takes one to know one
(Takes one to know one)
You can say im bitter
Call me quitter
Takes one to know one
(Takes one to know one)
Yeah, Takes one to know one
Takes one to know one
And I know you

I know you, Yeah

You can call me liar
Cheater
Looser
Takes one to know one
(Takes one to know one)
You can say im bitter
Call me quitter
Takes one to know one
(Takes one to know one)

You can call me Lier
Cheater
Looser
Takes one to know one
You can say im bitter
Call me quitter
Takes one to know one
(Takes one to know one)
Yeah it takes one to know one
Takes one to know one

And i know you

Could have been so easy
But thats not the case
