Out in the darkness  
Lightyears from home  
Galaxies in the distance  
Planet unknown  
Somebody is watching  
Life here on earth  
Somebody is out there  
We're not the first

We could learn alot  
We could learn alot  
We could learn alot from you

Can you travel space and time  
Do you have a face like mine  
Are you far from humankind  
Don't you want to say hello  
Maybe spend a week or so  
With us

Don't you want to say hello  
Maybe spend a week or so  
With us

Pluto and Saturn  
Venus and Mars  
Meeting shadows  
Infinite Stars  
Other dimension  
Yet to be known  
Somebody is out there  
We're not alone

We could learn alot  
We could learn alot  
We could learn alot from you

Can you travel space and time  
Do you have a face like mine  
Are you far from humankind  
Don't you want to say hello  
Maybe spend a week or so

With us

Don't you want to say hello  
Maybe spend a week or so  
With us
