I believe that the best thing I can do
In this life, is just being close to you
I believe, that beneath the same blue sky
We can look up and together we can smile

Deep inside our hearts, still may find the tears
Over memories and broken dreams
The time cannot erase

Will I believe that you and I, we were meant to
Turn our tears to joy
Find by the time cannot destroy
We seen oh seems the same old signs
The rainbow shines above thy now
Because you love me now
Maybe all it takes, is having you right here by my side

I believe through the fairest flowers paint
We'll get by, when the sunshine turns to share
I believe, in the dark and lonely night
It won't be long, till I see the morning light

Life was on and on
And there's no turning back
When a lot of cares too much too bad
I'll make it by your love

Coz I believe that you and I, we were meant to
Turn our tears to joy
Find by the time cannot destroy
This empty town this empty smile
No long as end so sad and blue
Now that I have you
Maybe all it takes, is having you right here by my side

And all the dares of tearless worlds away
And baby I will take you there
The tender hand that hold, ohh
And never let you again
I'll never let you go again

Coz I believe that you and I, we were meant to
Turn our tears to joy
Find by the time cannot destroy
This empty town this empty smile
No long as end so sad and blue
Now that I have you
Coz baby you're always mind, I believe.
