"Buggin' Me"

Girl, I never wanted you anyway,
All I know was you were begging me to stay.
I never thought much about the other day,
Girl, don't you get it that you're buggin me?

Girl, I never wanted you anyway,
All I know was you were begging me to stay.
I never thought much about the other day,
Girl, don't you get it that you're buggin me?
Girl, I never wanted you anyway,
All I know was you were begging me to stay.
I never thought much about the other day,
Girl, don't you get it that you're buggin me?

You said you never knew the things you'd done to me,
But now I see the true reality, yeah.
Baby, if you only knew, it couldn't be me and you,
But you must stop your tears and I will give you my
place, oh yeah.

Did you know that it ain't cool, checkin on the things I
do?
If you wanted me, you should've done right, girl,
If you'd played right, you wouldn't be caught up.

[Chorus:]
It's plain, girl, don't you see, you are not the one for
me,
I can't keep trying to make you understand, no.
You played me like a fool, you know that it ain't cool,
So you messed up your chance and I won't change your
plans.

[Bridge]
[Chorus]

You're buggin me, you're buggin, you're buggin me.
I said you're buggin me, you're buggin me, you're
buggin me.
You're buggin me, you're buggin, you're buggin me.
I said you're buggin me, you're buggin me, you're
buggin me.

[Chorus]
