Listen baby

I wonder why sometimes we fall apart oh yeah

Together we are so wonderfull yeah baby

And every single day i pray, that really things shouldnt  
never be this way

Im only trynna be a better man

Why then do you see all the negative things, in me?

Cos all i ever do is try to be, all that i can be

Girl you know your hurting me, all the things you say to  
me

As i lie at night im imagining things, how it used to be,  
girl you know your hurting me

What am i to do with a broken heart?

All the time everybody say that you and me are over

But i know were meant to be together for eternity

Was it untrue what we promised eachother?

Baby my heart keeps telling me

That it shouldnt be this way forever

Im only trynna be a better man

Why then do you see all the negative things, in me?

Cos all i ever do is try to be, all that i can be

Girl you know your hurting me, all the things you pray  
to me

As i lie at night im imagining things, how it used to be,  
girl you know your hurting me

What am i to do with a broken heart?

Girl remember when, we made our promices?

That we would be together through-out every single  
thing

Now im only trynna be a better man, but you've never  
noticed that

Girl i truely love, to be around you

And baby ill give you anything you want me to

Cos i know this might be hard for you,

And i know that we will be

Why then do you see all the negative things, in me?

Cos all i ever do is try to be, all that i can be

Girl you know your hurting me, all the things you pray  
to me  
As i lie at night im imagining things, how it used to be,  
girl you know your hurting me  
What am i to do with a broken heart?
