Never imagined, something just happened  
The first time that i saw you  
Im feeling indescribable  
Your so desirable, and i aint gon lie to you

Ive been trying to show you, i don't know how to tell you  
But baby it's from my heart  
Something that's been there right from the start

Its the way you make me feel (I feel like flying)  
Its the way you make me feel (Something comes over  
me)  
Its the way you make me feel (I feel this burning oh so  
real) Baby  
Its the way you make me feel

I got myself thinking, bout my decision  
Whether to let you know  
Im feeling that connection, same infactuation  
I jus got to let you know

I get weak in the knees, then i can't hardly speak  
And i don't want to fall apart  
It is something that was there from the start

Its the way you make me feel (I feel like flying)  
Its the way you make me feel (Something comes over  
me)  
Its the way you make me feel (I feel this burning oh so  
real) Baby  
Its the way you make me feel

Ill never do you wrong, that's why i sing my song  
To let you know, that I'll be there  
Til the end, til the end, ho-ho

Its the way you make me feel (I feel like flying)  
Its the way you make me feel (Something comes over  
me)  
Its the way you make me feel (I feel this burning oh so  
real) Baby  
Its the way you make me feel

(I feel like flying)  
Its the way you make me feel (Something comes over  
me)  
Its the way you make me feel (I feel this burning oh so  
real) Baby  
Its the way you make me feel

Hey-hey, im just feeling it, it's the way, it's the way hey  
Its the way my lady  
Feel it for you and i oh  
Cos it's the way you make me feel  
Yes the way thatchya making me feel
