"Be Gentle With Me"

Staring up into the solar system
All the stars are fixed up in the sky
I just want to sparkle for a moment
Before I just fizzle out and die

I'm happy because I'm stupid
Scared of spiders, scared of flying
If I wasn't so happy
I wouldn't be so scared of dying

So just be gentle with me
(I'm not as young as I was)
And I'll be gentle with you
(I'm not as brave as I thought)
Cause my heart gets broken so easily
So just be gentle, be gentle with me

Wide awake, waiting like a target
Listening for things I cannot see
Insects flutter up against my window
I don't like the way they look at me

I guess I've always needed
To be needed by someone
It's a comforting feeling
Being under someone's thumb

So just be gentle with me
(And if I am ever mean)
And I'll be gentle with you
(I never mean to be mean)
'Cause I want to pick peaches off of a cherry tree
Just be gentle, be gentle, be gentle
Be gentle with me

So just be gentle with me
(Trouble is sometimes)
And I'll be gentle with you
(I just can't switch myself off)
When I want to so I never do
Because I'm mental, be gentle, be gentle,

Just be gentle, be gentle, be gentle
And I'll be gentle, be gentle, be gentle, be gentle with
you.
