As sweet as a plum  
And lovely as dawn  
Rolling its tongue over its gums  
Like tiger and me  
As happy as could be  
Sat out on the porch  
As the whole of the sky  
Clouds quietly over  
And it starts to cry  
Softly on my shoulder  
We don't want to grow up  
But we have to grow up  
As sad as I am  
I do understand  
I do understand,  
It just makes me sad

My tiger my heart  
We're growing apart  
We're trying to be friends  
But it's hard sometimes  
To be friends with something  
That eats butterflies  
And pencil sharpeners  
And i think it would be  
Happier being free

My tiger my friend  
My little godsend  
I know someday we'll be happy again
