"Live Louder"

If I could run a little faster
If I could do a little better
If I could climb a little higher
To get to you

And if we could dream a little bigger
If we could see the bigger picture
There's nothing we can do
We can do, if we want to

Just let it go (4x)
And com'on
Live louder (2x) (yeah)
Just let it go, live louder (2x)
Just let it go

If you stay a little longer
If I try a little harder
You might feel a little stronger
Bout you and me (bout you and me)

And if we dream a little bigger
We will see the bigger picture
There's nothing we can do
We can do, if we want to

Just let it go (4x)
And live louder
Live louder

Com'on yeah

Now live louder
Just let it go, live louder (2x)
Just let it go (2x)
Live louder, just let it go(2x)
