Sometimes you go to sleep in your makeup
Sometimes you take off your pants when you wake up
Sometimes you walk a bridge in your girl shoes
It's ok if your late they will always love you

Sometimes I dream so big
My life just seems so boring

Rock N Roll never looked so beautiful
Rock N Roll never looked so beautiful

Sometimes you bleach your head til it burns
Sometimes your friends tag team and take turns
Sometimes you walk a bridge at midnight
Cus when your broke walking aint just for transit strike

Sometimes I dream so big
My life just seems so boring
Rock N Roll never looked so beautiful
Rock N Roll never looked so beautiful

Sometimes I cry cus it makes my eyes look bluer
Sometimes I bleed cus red is a good color for me

Put me in a see-through coffin
Stuff me up with mink stole stuffin
Put me in a crystal casket
Beore they mix diamonds into my ashes

Dance around my body
Just cus im dead dont kill the party

Rock N Roll never looked so beautiful
Rock N Roll never looked so beautiful
