When the honeymoon's over

Where do we go from here

What do we do when we get there

Who's at the other end

Yeah one minute anfter midnight

When it's all been said and done

Is that the way it is in real life

Time amrches on

After the shock

We rock & roll over, over & then

Show your true colors

Put on a new face

Love is like a faucet

Turnin' off an on

Rock & roll over

Will the real you stand up

Same time next year

Life is full of chances

It's the lady or the tiger

There's never any answers

Love and hate is a fine, fine line

But if you're the cure, I'll make the time
