Billy Sheenan, Paul Gilbert)

["We were having dinner in Korea when Pat had the idea to add Paul's intro to Billy's tune."]

Your secret is safe, I'll keep it on the inside
You're grubbin' your play, makin' up the white lie
I can't complain, she spurned me off of my pie
I should have known better, she came in from the wrong side of the tracks

I'll keep my mouth shut, nothing else I can do
At the rate that you're goin', baby pretty soon

Chorus:

The whole world is gonna know
The whole world is gonna know - what you've done to me
The whole world is gonna know
The whole world is gonna know - all about it baby

I used to be as foolish as the last guy
I've made up my mind, there'll never be a next time, no
Now that you're gone, before you break affection
Yeah, there's so many like me, you know they're getting wise to your deception

I'll keep my mouth shut, nothing else I can do
At the rate that you're goin', baby pretty soon

(chorus)

Nothing I can do, oh-oh, yeah yeah

(Solo)

I'll keep my mouth shut, nothing else I can do
At the rate that you're goin'

(chorus repeats 2x)
