I'm setting fire at irregular times
Mad at myself I don't wanna live
Set me on fire, Panic attack!
Send it all back cause we've already got some

Weak as a child
I won't fight
Get out of my face and stay there forever
Set me on fire, kiss like a rock
It breaks my heart with a brick attached

Setting fire at irregular times
Mad at myself I don't wanna live
Set me on fire, Panic attack!
Send it all back cause we've already got some

Scratch out my eyes
Rip out my spine
Why don't you push me around in my chair
I don't care
Set me on fire
All that we can do now is die

Setting fire at irregular times
Mad at myself I don't wanna live
Set me on fire, Panic attack!
Send it all back cause we've already got some

I'm setting on fire at irregular times
Mad at myself I don't wanna live

Setting fire at irregular times
Mad at myself I don't wanna live
