Our little secret just might be
The kind of thing that you can't hide
It's growing like a tangled vine
And rising like a river in the tide

And everybody knew when you walked into the room
I was just a fool for you, nothin' I could do
Everybody sees you takin' control of me
Well I'm not beggin' for release
I'm just beggin' darlin' please, please

Act naturally
(Act naturally)
Don't let our troubles show
Don't let anybody know
(Act naturally)
Till we get it figured out
Don't give them anythin' that they could doubt

Our little problem doesn't seem
To be about to go away
As far as I can tell it's gonna keep
On showin' more with every day

And everybody look, yea, that was all it took
I can't help believin' they can read me like a book
So hide your feelings tight till we figure how to make it
right
I don't know what I should but I, would do it if I could

Act naturally
(Act naturally)
Just be you beautiful
Just be you casual

(Act naturally)
I'll be me before the fall
You be you before this all came down
(Act naturally)

Don't let our troubles show
Don't let anybody know

(Act naturally)
Till we get it figured out
Don't give them anything that they could doubt

Just be you beautiful
Just be you casual
I'll be me before the fall
You be you before this all came down
