Give me one day, give me two days
I want a year near wherever you're going
Give me one touch, give me two
It's just too much to wait and watch you glowing
I know I said you were free to roam,
But I just want to take you home
Yeah, my cup overflows but I wanted an ocean

Hold on baby
Just one more thing
You should know before you go
Maybe tonight

Yeah, I said I'd be satisfied to stand in the light of your
fire..
I'm a liar

Give me one step, give me two steps
Give me a mile in the right direction
Give me one try, give me another try
Give me a sign you'll be my pretty connection
And I'm supposed to be thankful,
Every minute is a miracle?
I admit it I wanted you for a lifetime (perfection)

Hold on baby
I've been fakin'
Nearly breakin'
Make it alright!

I know I said one look in your eyes is the end of my
love's desire
I know I said just to see your face is the only thing I
require..
I'm a liar
I'm a liar

Hold on, baby
You're my Higher
Power and pacifier
Save me tonight

I know I promised to be satisfied to stand in the light of
your fire
I know I said one look in your eyes is the end of my
love's desire
I know I said just to see your face is the only thing I
require..
I'm a liar

I know I promised to be satisfied,
I only wanted to see you smile
I said just one look in your eyes and I said IÂ'd be
satisfied
IÂ'm a liar
IÂ'm a liar
IÂ'm a liar
