Got your tape and it changed my mind  
Heard your voice in between the lines  
Come around from another time  
Where nobody ever goes

All alone on the overpass  
Wired and phoned to a heart of glass  
Now I'm falling in love too fast  
With you or the songs you chose

And all the stars  
Play for me  
Say the promise you long to keep

I can hear you sing it to me in my sleep  
I can hear you sing it to me in my sleep

I've been living in your cassette  
It's the modern equivalent  
Singing up to a Capulet  
On a balcony in your mind

In the City the lion sleeps  
Pray to Sony my sould to keep  
Were you ever so bright and sweet  
Did you ever look so nice

And all the sounds  
Dream for me  
Drive me down in a soul so deep

I can hear you sing it to me in my sleep  
I can hear you sing it to me in my sleep
