I suck on biro  
The office party is in three weeks time  
What shall I wear?  
Wet-look in my hair?

I just killed my new boss  
I shut that cock up with a rock  
Non-stop in his face  
Look around you dear, nothing is there

I suck on biro  
Stuck in a chair  
Where I stare at a square  
And answer a phone  
I'm thinking of deer  
Sculpting and making and being and freezing...

A deer  
The phones on my ear  
Look around you dear, nothing is there

Do you detect what's coming next  
Do you detect what's coming next  
Do you detect what's coming next  
Do you detect what's coming next...

I suck on a biro  
And taste the black ink  
And it tints all my spit green and black  
My jaw goes all slack

Well what do you know  
It's time to go  
Go back home  
It was so so so so  
So good today  
Look around you dear, nothing is there

Do you detect what's coming next  
Do you detect what's coming next  
Do you detect what's coming next

Do you detect what's coming next.
