And I'm just like gravity  
With the way I pull you down to me  
You're fighting it with wrong intentions.  
I'll try not to scream at you  
But you know what you're missing, girl  
You only have so many chances  
Second chances, you never knew

So take your words  
(So take your words)  
Play em back cause they're all I know  
( 'Cuz you're all I know)  
And start it over again  
Let's make this more intoxicating, love  
You always know  
(You always know)  
Just enough to keep me holding on  
Let's play your game

'Cuz I wrote so many different versions  
I don't even know what I've been singing, yeah  
Painting every town the same  
Looking over your shoulder for a little while  
Just a pawn in your sick game  
Using me so you can get the king

I'm wanting you so bad  
But I don't want to  
'Cuz I don't want you  
Any more than I have to

So take your words  
(So take your words)  
Play em back cause they're all I know  
( 'Cuz you're all I know)  
And start it over again  
Let's make this more intoxicating, love  
You always know  
(You always know)  
Just enough to keep me holding on  
Let's play your game

Oh, you know  
(Oh, you know)  
Maybe our lives will bring us together  
(Together)  
Don't say a word before I break down  
(Stay here please)  
And all I hear is I'm over you  
(Oh, you know)  
And time will only tell if we're meant to  
(Stay here please)  
But some things never change
