Feeling Fucked Up Since I Got That Bite  
What In Hell Was Eating That Fucking Guy?  
Sweating Like A Killer In This Horrid Night  
Feelings Of Foreboding Stalking Through My Mind  
Scratching At This Freaking Itch In My Flesh  
My Brain Is Gonna Burst Out My Skull, I Feel Like Death  
Feel Like Crawling Out Of My Skin  
Lie Here And Wait For The Nightmare To Begin

Now It's Getting Worse, I'm Starting To Twitch  
Frothing At The Mouth Like A Son Of A Bitch  
Stay The Fuck Away, That Light's Too Bright  
The Way I'm Feeling Now, Well I Must Have Died  
Burning Like Wildfire In My Veins  
Some Of The Things I'm Seeing Now Should Not Have  
Names  
My Sickness Breaks Into Bud  
Tasting The Beginnings Of A Terrifying Lust For Blood

Blood Fever

Driven Wild By Unholy Thirst  
Smell Of Blood Making Me Go Berserk  
Brain Now Inflamed With Unceasing Rage  
Come Here My Little Darling And I'll Eat Your Face  
Fuck That Shit I'll Take All You Fuckers On  
Slavering And Raving Like A Human Dog  
Never Felt So Dead But I Never Felt So Alive  
This Shit Is Blowing My Fucking Mind

Blood Fever

Die

Blood Fever  
I Am The Fucking Reaper
