Resurrect  
Advancing through the gloom  
Reanimate  
Putrescence given living form  
Malevolent  
A hideous malignity  
Assails your sight  
And chills your soul  
Mass-exhumation of a field of dead remains  
A horde of revenants is baying to devour your brains

When there's no more room in hell  
The dead will walk the earth

Skeletal  
Erupting from the ground  
Dead voices raised  
In symphony of evil sound  
Demise of soul  
A ruinous cacophony  
To fill your mind  
With mortal dread  
Reanimation of the recently deceased  
Dead hands find coffin lids and hammer wildly for their  
release

Here come the hordes  
They're on the march again  
Bringing black terror to the world of men  
Post-mortal multitude that flocks to human flesh  
Here come the hordes  
Here come the hordes

Walking dead  
With suppurating wounds  
Disfigured shapes  
Illuminated by the moon  
A reckless haste  
To feast on human flesh and blood  
All thought erased  
Except of you  
Freak disinterment of the dear departed dead

Your late lamented relatives are racing to devour your  
head

When there's no more room in hell  
The dead will walk the earth

Carrion  
Inspired to live again  
A rotten horde  
Disintegrating forms of men  
Their victims rise  
Infected by the evil plague  
To swell the ranks  
Of the undead  
A spectacle so chilling human minds can scarcely bear  
A panorama drawn in hell that proffers nothing but  
deep despair

Here come the hordes  
They're on the march again  
Bringing black terror to the world of men  
Post-mortal multitude that flocks to human flesh  
Here come the hordes  
Here come the hordes
