[Chino XL]

(Yeah.. yo, follow this, follow this, yeah)

She just appeared out of nowhere

at this club it's kind of freaky so I usually don't go there

She will dance with no care

and I was kinda sleepy so to revive I step into the cold
air

Who came behind me it was her, wind blowing in hair

She said "Let's take a ride we could slide to anywhere"

I said "Look but don't stare"

She said "It's hard not to a nigga like you in here? It's
kinda rare"

Seven-forty I-L, I look cushion in chair

kinda feeling alright, I was sput in her ear?

What do you want from me? I don't have much to share

She said "Her husband was rich but he was never there

And know she want a affair and this is where I come in

Said she was prepared to help me with my career

So she said I heard I could rhyme and she had lot's of
friends

Before we began I told her one thing

[Chorus: Chino XL sings once]

I didn't have to be here

You didn't have to look for me

When I was just a nothing-child, and I know our times
are wild

But before this ride is through, and you know I love
fucking you

But I didn't ask to be here

You wanted me to be here

I really shouldn't be here

I didn't have to be here

[Chino XL]

Yo, we started to get really close

She started spoiling me right away ?doing? credit
card's and clothes

She bought a weed from East Loast

I had been in LA for 3 month's now, but I'm from East
Coast

She kept me in a Navigator Rental
Introduced me to her famous producer and payed for
my demo
Set it album we was done
champagnr hosts for my future my life had finally
begun
Tossed and turned all night, sayed she just couldn't
rest she was feeling
distressed about a hubby mistressed
Too many sleeping pills I think she tried to overdoze
(Uh-huh)
Her man and me sometimes I wonder who she love the
most? (Uh-huh)
Crazy of life of mine yo it's hard to believe
people feeling my tape, ended up getting signed!
Money for the first time for my rhyme
she started acting up like she didn't want me to shine

[Chorus]

*Dialtone

*Dialtone

(April Frerichs)

And now, I'm unavaible too take your phone call, you
know what to do

BEEP

(Chino XL?)

(?Yo, why I'm bugging you? You know what I'm saying?)

[Chino XL]

Yo, yo, everything started happening kinda fast
I was well know getting cash ?overlast?
I can't remember when I spoke to my baby last
Younger man with a older woman were part of my past
Everyday different show's and sometime's different
hoe's (Uh-huh)
When I am on video's I wonder if she know's?
How I miss her in my life and how we used to hang
????? cause just then the phone rang
I picked up she said "What up?"
I'm like "I miss you honey"
She said "You wouldn't have been nothing if it wasn't
for me"
That kinda hurt me that she was so addmityed wasn't
being there
I thought we both got something outta this?
You made this happen for me and everybody know that
But you refuse to stay in-touch, you choose that!
They want to be happy and you see sad through it(Naw)

and I ain't know your
love had a price-tag to it
Besides, you were married women I was just on the
side(Uh-huh) and now I'm
pushing a six and getting hard to hide (Uh-huh)
About her husband she shot him to death
they find him dead next to him was a note that said:

[Chorus] - 2X
