[Fat Joe]

Blam!

Bang bang baby!

Yeah, Terror Squad style

Trizzie, check it out now

[Cuban Link]

Yo, I'm rated X in sex, I flex like Lex Luger

So who's next to scooped up by this roughneck from  
Cuba?

We do maneuvers like Super Dave, always with a group  
of babes

Sayin "Mami's out" like Sugar Ray

Cause Cuban Link don't play miss, I flip and do some  
strange [shit]

witchu like hit you with the whips and chains, check it

I get you naked like I'm mystic, cause this [dick] is

thick as a brick, raw with big [balls] that bend it

Now let's get, physical, my jiggable pie

Let this lyrical guy, scoop and dive right between your  
thighs

I satisfy like a Snickers bar, cause I'm the pick-up artist  
that'll stick you quicker than the spic the strength of  
God

My repoitire holds a four star performance with all  
women

Hittin more skins than Alec Baldwin

You're fallin in love and you can't get up

Now check the cut, I stripped ya, now you can't strut,  
word up

Chorus: Big Pun

Bet ya man can't do it like that (like that?)

He can't work the middle, cause his thing too little

Bet ya man can't do it like that (like that?)

I make you scream papa (you the best dada!)

Chorus

[Fat Joe]

Yeah, uh, uh, yo  
Paradin in the Palladium, all eyes on my presence  
Poppin the Crist', sportin the chick straight out of  
Essence  
Word up, patch thug, three quarter front Polo jiggy  
Be like 'Who is he, lookin like a grizzly?'  
While your girl watch me, you're busy drink pissy  
Wanna lay your love, but your love wanna kiss me, huh  
I got a fly team, me and my guys gleam like high  
beams  
Makin the killin off of fiends with pipe dreams  
It might seem, like I'm conceited with the cream talk  
But I got the kind of green that could bribe a Supreme  
Court  
And when we talk, the whole world listen  
Turn your back to T.S. for one second and find your girl  
missin

[Big Pun]

Baby make me holla, take it off, I give you dolla  
We can party til manana ain't nobody gotta know nada  
Word to Allah, give me some Mississippi massana  
I'll be in the sauna, troopin the naga like the  
chupacabra  
Cool it mama, you gettin too hot, bust a shot  
Boo-yaa! Rub it up and down like my oo-wops  
Oohs yah, show me your dirty dance  
The way you work the pants make any man wanna jerk  
his grands

Chorus

[Triple Seis]

Yo, my [shit's] official like it in you like, Keith Murray  
Bury my beef, gettin your sweet cherry every week if  
necessary  
I'm very nasty like Nas, did you ask me?  
Pass me those [ass]cheeks and I'll bring you joy like  
BlackSTREET  
In the backseat of my Jeep, we can chill  
or Creep like TLC but don't sleep, I keep it real  
What the deal mami, you wanna feel on my steel  
salami?  
Come and try me, I'll sign my name all over your  
punani

[Cuban Link]

C'mon mami, you comin with me  
All night in my tub drinkin Hennessey  
Gettin lied up with your thighs up, I'm a surpiser

when I rise up, inside her  
Yippie kay yay, I'ma ride her, and guide her  
Straight to the triz, where we goin, straight to the crib  
Pun in here and Cuban and Seis, you know what time it  
is  
Soon as we walk in the crib, let's get biz

TRIZ TRIZ TRIZ TRIZ TRIZ TRIZ TRIZ TRIZ (oahkayyy!)

Chorus: Big Pun

Since ya man can't do it like Link (like Link?)  
He can't work the middle, cause his thing too little
