Why you wanna sit down
When everyone stands up?
And I can't care no more
I can't bear no more
This impression I got, was not the first one!

Why you wanna sit down
When everyone stands up
So what the fuck is wrong
Yeah what the fuck is wrong
What they get is what they got, come on!

This is what I want, this is what I want

You're wrong, you're wrong
You're time is up and I'm still there
Don't need you to carry me home

This is who I am, this is who I am

You're wrong, you're wrong
The blackest days sometimes pass by
I don't need you to carry me home

You try lead me but I don't follow!
Too many times I wanted to stand up
But I wasn't strong enough, no I wasn't strong enough
You knock me down and I just swallow

Do you wanna sit down, when everyone stands up
I can't care no longer, no I can't bear no longer
What they got, the fuck they'll ever get

This is what I want, this is what I want

You're wrong, you're wrong
You're time is up and I'm still there
Don't need you to carry me home

This is who I am, this is who I am

You're wrong, you're wrong
The blackest days sometimes pass by
I don't need you to carry me home

They try to lead us, but we don't follow!
They try to lead us, but we don't follow!
They try to lead us, but we don't follow!
They try to lead us, we will never follow! No!
