If you wanna do the boogie then come on and do the boogie with me

I'm gonna tell you a story that's all about yesterday

She was a heavy hip mama with time on her hand

Looking for adventure in a far off land

The sultan's choice, the sultan's choice

A golden belly and a silver voice

The sultan's choice, the sultan's choice

A golden belly and a silver voice

Left one evening in a sand storm for the Nile

She said I cant stay long but I think I'm gonna stay a while

She had eyes like diamonds in a danger zone

The pyramid smiles the crocodiles moan

The sultan's choice, the sultan's choice

A golden belly and a silver voice

The sultan's choice, the sultan's choice

A golden belly and a silver voice

Even if the man is pure of heart

And he say's his prayer's by night

Even if the man needs a CAMEL.?

A pretty girl can still be a distraction

The sultan's choice, the sultan's choice

A golden belly and a silver voice

The sultan's choice, the sultan's choice

A golden belly and a silver voice

So if you ever take the boogie woogie special to old Cairo

By the beats of the distant drum by the sign of the go go go

You can see a satin doll in a silk *burnnes*

With her arms all bare and hair hang loose

The sultan's choice, the sultan's choice

A golden belly and a silver voice

The sultan's choice, the sultan's choice

A golden belly and a silver voice

You can see a satin doll in a silk *burnnes*
With her arms all bare her hair hang loose

The sultan's choice, the sultan's choice
A golden belly and a silver voice
The sultan's choice, the sultan's choice
A golden belly and a silver voice

The sultan's... choice...
She got a golden belly and she got a silver voice

The sultan's choice, the sultan's choice
A golden belly and a silver voice
The sultan's choice, the sultan's choice
A golden belly and silver voice

A heavy hip mamma with time on her hand
Looking for adventure in a far off land
The sultans choice, the sultans choice
