Pat D'Angelo
"Tell Me How"

She's one of those girls gotta be the best,
Take much to impress I'm sure you know the rest ohooo
Tell me what to do,
I want you now I want you now tell me how,
Hey girl, what's up, why don't you just stay,
We got a DJ workin the replay,
I am so lonely girl you be my only,

You got me crazy, so strung up lately,
Somebody save me, from this misery.

I want you now I want you now,
I want you now just tell me how,
Tell tell tell me how tell tell tell me how
I want you now I want you now,
I want you now just tell me how,
Tell tell tell me how tell tell tell me how
Tell tell tell me how tell tell tell me how
Tell tell tell me how tell tell tell me how

Shawty wanna be fresh, she wanna be clean,
Gotta be the top girl in a magazine,
She need to realize, it ain't about the scene (oohoo)
I want you now I want you now tell me how
Oooo why you keepin me waiting,
Making this whole situation frustrating,
Don't tell me that you're taken.
I want you now I want you now tell me how

You got me crazy, so strung up lately,
Somebody save me, from this misery.

I want you now I want you now,
I want you now just tell me how,
Tell tell tell me how tell tell tell me how
I want you now I want you now,
I want you now just tell me how,
Tell tell tell me how tell tell tell me how
Tell tell tell me how tell tell tell me how
Tell tell tell me how tell tell tell me how

You can't see it you're confused I'm amused,
You're the one I chose come listen here's the news,
I'll whisper in your ear just know it's very clear now,
Show me that you understand I'll be your man yeah you
know

You got me crazy, so strung up lately,
Somebody save me, from this misery.

I want you now I want you now,
I want you now just tell me how,
Tell tell tell me how tell tell tell me how
I want you now I want you now,
I want you now just tell me how,
Tell tell tell me how tell tell tell me how
Tell tell tell me how tell tell tell me how

Thanks for listening:)
