This very special morning  
I was lying in my bed  
And all did this morning  
Was thinking of the night we had  
As I looked around me  
I realized I was alone  
Rememberin' your last words  
You said "Tomorrow I'm gone"

Don't let my memories  
Be real memories this time  
I'm craving for one hit of you  
In this special heart of mine  
Don't let my memories  
Be real memories again  
'Cause now I realized  
I need you more than just a friend

That's why I'm trying to go on  
With the pain inside my heart  
And I wish I'd know the things to do  
So we don't fall apart  
Please don't leave me here this way  
Cause I just need you day by day  
I'm dreaming of you every night  
Oh girl I wanna hold you tight.

BRIDGE: I can't live without your love  
Cause I need you by my side  
I'm still waiting for  
The day you'll be mine

This very special morning  
I was lying in my bed  
And all I did this morning  
Was thinking of the night we had  
As I looked around me  
I realized I was alone  
Rememberin' your last words  
You said "Tomorrow I'm gone".
