You are i'm dreamin' of
You are my really love
Although that i need you
You broke my heart into
You tought that thing you do
Would mean a pain for you
But now you realise
That was for me to stay alive

BRIDGE

But now when this thing
This just one thing for me to say
Is to you i wanna give
My love away..

CHORUS

Please come back to me
Cos i need you now
I can wait one more day without you
I need you like the day need the sunshine
I hope that soon you love will be like mine.....
I don't know what to do much more
But i know that i need you
Girl you got to know that i need you
I know that you been hurt
I know that is was hard
You said you need a friend
To help you understand
That why i say it's me
With you i wanna be
Together in our life
Together we will die

BRIDGE

CHORUS (2x)
