B-O-P-G-I-R-L

Got the whole world searching for their own bop girl

Out in the crowd, I'm in the street

Got the whole world shaking to my big bop beat

She's a bop girl

She's a bop, she's a bop bop girl

All you follow, I'll lead the way

Oh, the bop girl's A-OK

Dig the bop girl, start to move

down inside that microgroove

(chorus)

B-O-P-G-I-R-L

Got the whole world searching for their own bop girl

Out in the crowd, I'm in the street

Got the whole world shaking to my big bop beat

She's a bop girl

She's a bop, she's a bop bop girl

At the dance I'm with my man

Dig the flow, jump with the band

I got friction, I can't stop

I'm a dancing spinning top

(chorus)

B-O-P-G-I-R-L

Got the whole world searching for their own bop girl

Out in the crowd, I'm in the street

Got the whole world shaking to my big bop beat

Now dig the bop girl

A-and swing that thing, owooooooooo!

(repeat chorus and fade
