I don't
Have the bravery to say
What I
What I really want to say to you
All that I can do is wait
And hope and hope
Hope a little harder

Daydream
Of what it must be like to kiss you
So I'll just kiss you with my eyes
For now, for now
Till I have the heart to try
I'll hope, I'll hope
Hope a little harder

I hope you make it easy on me
Cause I'm too scared to move
I hope you feel the same way for me
Oh tell me that you do

Oh please
I can't will you into me
I need
You to meet me in between
I think
No, I know
You won't be sorry that you did
I can't sit, I can't sit
Hoping forever

I hope you make it easy on me
'Cause I'm too scared to move
I hope you feel the same way for me
Oh tell me that you do

I hope you make it easy on me
'Cause I'm too scared to move
I hope you feel the same way for me
'Cause all I care about is you

All I care about is you
All I care about is you
All I care

Hold me
Hold me
Hold me
All I care about is you
Hold me
All I care about is you
Hold me
All I care

Hold me
Hold me
Hold me
Hope a little harder
