"I Refuse"

Don't say that you know me
You never knew the first thing at all
Still you should have told me
Took everything, selling it off

These holes in your stories
As many as there's holes in the wall
You told me that you like the old me
'Cause the new me is telling you

I refuse to fit into this lame idea you've always had for
me
I don't want to be what you want me to be

I hear you complaining 'cause I'm not the same
But I won't be missing the place that I came
I know that it's risky but all bets are off
This is my life, so whatever the cost, if I'm lost
Would you hold it against me
Make me pay for every step of the way

I know that you've already told me
You don't like the new me at all
You told me that you miss the old me
That I couldn't be happy at all

You refuse to fit into this lame idea you've always had
for me
I'm not going to be what you want me to be
And I refuse, I'm not going to be what you want me to
be 'cause

I know that you've already told me
You don't like the new me at all
You told me that you used to know me
You really never knew me at all

But darling change is a good thing
I see for myself, change is a good thing
Spelling it out, change is a good thing
Can see for myself, change is a good thing

Don't say that you know me
You never knew the first thing at all
Still you should have told me
Took everything, selling it off

I refuse to fit into this lame idea, I refuse
And I refuse to fit into this lame idea you've always had
for me
I not going to be what you want me to be 'cause
