How did I scare you  
How did you get that look upon your face  
Just a simple hello  
How hard is it to just say hi  
Where's the smile  
Where's the laughter  
It's a coincidence  
What are you after  
We're not clicking here  
There's no connections today  
Don't be so surprised  
If you see my face around again  
"There's the guy who tried to talk to me"  
I heard you tell your friends  
You don't want me to see you  
You don't want me to see you  
I promise I won't look  
I swear I'll shut my eyes  
Promise not to look  
There'll be no speculation  
I won't dare to say hello
