I've held this fire
and I've walked through fire
and it's burning outside
ask for a feeling
for a direction
and it's burning inside
I know of a temple holding a spirit
holding a spirit
I know of a story that ends with a question
you're asking about me
ask for a feeling for a direction

AND IT'S BURNING INSIDE...
I know of a temple holding a spirit
holding a spirit
I know of a story that ends with a question
you're asking about me
ask for a feeling for a direction
ask for an energy
ask for an energy to give me a feeling
asking about me....
