You're the only one who understands
You're the only one who understands
The weight of this moment, the weight of this day
You're the only one who understands

Here in wondering time, in wondering time, I'm
wondering
If all I ever needed was someone to say
If all I needed was someone who reminded me

You're the only one who understands
You're the only one who understands
The weight of this moment, the weight of this day
You're the only one who understands

Here in wondering time, in wondering time, I'm
wondering
If all I ever needed was someone to say
If all I needed was someone who reminded me, yeah

If all I needed was someone who, who reminded me
If all I needed was someone who, who reminded me
If all I needed was someone who, who reminded me
If all I needed was someone who, who reminded me

Someone to say, reminding me
Someone and someone to say

You're the only one who understands
And you're the only one who understands
And you're the only one who understands
You're the only one who understands me
