You say it's nothing personal  
As you break out  
And you lay out  
You're whole arsenal  
I fell hard for you  
I count scars from you

You play with my life  
And I pay with my life

Everything keeps telling me to run away  
Now you own me  
And everything keeps telling me to run, run away  
Now you own me  
And everything keeps telling me to run run away  
I never listen  
And everything keeps telling me to run, run away  
Now you own me, now you own me

I hate it how I let it control me from so far away  
I can't wait for the day  
You won't be able to say  
That you made me pay  
With these words that you use  
And the things that you say

You whisper in my ear  
You bring me to tears

Everything keeps telling me to run away  
Now you own me  
And everything keeps telling me to run, run away  
Now you own me  
And everything keeps telling me to run, run away  
I never listen  
And everything keeps telling me to run, run away  
Now you own me, now you own me

And everything keeps telling me to run, run away  
And everything keeps telling me to run, run away  
And everything keeps telling me to run, run away
