We met on an evening train  
Between us was the same  
I wil remember you clearly  
As if you did not leave me

Don't hide the care need true loving tonight  
Got nothing to do too  
I wonder why you came back  
All I know is your the same

Call estate escapes  
Hollywood the place

Due changes you've come along with (?)  
I can make you cry

I don't wanna feel pretty anymore  
(?)  
Should you be more (?)  
Wanna be afraid

Call estate escapes  
Hollywood the place

What went wrong

Call estate escapes  
Hollywood the place
