Lady turned the page
Sit yourself down
Keep on waiting for the special life
The morning sun she brings you up forgiveness
As you do the walk of shame
And even though you wait for absoulution
You know the penalty's the same

Superlover, superlover
Superlover, superlover
Superlover, superlover
Superlover, superlover

Lay down, lay down

Lady can't you see
The quiet of the night
At least there's something very special and right

Superlover, superlover
Superlover, superlover

I would never have found you
But you never found me
I would never have lost you
Baby can't you see

I would never have found you
But you never found me
I would never have loved you
Baby can't you see

What's done is done, you cannot change the mark
A single lie, breaks a simple heart

Superlover, superlover
Superlover, superlover
(Superlover, superlover)
(Superlover, superlover)

(I would never have found you)

(But you never found me)
(I would never have lost you)
(Baby can't you see)

(Lay down, lay down)
(Lay down, lay down)

(What's done is done, you cannot change the mark)
(A single lie, breaks a simple heart)
