You're the sunlight that opened my eyes  
When my world was tumbling down  
You're the river that gave me a drink  
When a drop of water couldn't be found

You gave me what I want  
When I wanted it,  
All I ever want is you, ooh

I was born to be loved by somebody  
And I know that that somebody is you  
I'm gonna love you till the day that I die  
And there ain't nothing that nobody can do

I love the way you make love  
When you're making it  
I just wanna make it with you,  
So, I just wanna

Keep our love alive  
So I can go on living  
We got to keep our love alive  
No, No, Don't ever stop what you're giving to me

You're like a summer breeze on my face  
When it looks like there'll be nothing but rain  
You brought the sunshine and now I can say  
There'll never be a cloudy day again

I love the way that you do, when you're doin' it  
I just wanna do it with you,  
So I just wanna

Keep our love alive  
So I can go on living  
We got to keep our love alive  
No, Don't ever stop what you're giving to me

Don't let it die,  
We gotta keep it alive  
No, No, don't let it die

We gotta keep our love alive  
So I can go on living  
We got to keep our love alive  
No, Don't ever stop what you're giving to me

We gotta keep our love alive  
So I can go on living  
We got to keep our love alive  
No, No Don't ever stop what you're giving to me (fade)
