I got a key on my heart, babe
Just wind it up and my soul starts to whirl
You make my heart go Tick-Ticky-Tock
'Cause don't you know you're the key to the lock

Wind up toy,
Just wanna be wind up toy
Wind up toy,
Just gotta be wind up toy

Now that your playin' time is over
I won't cast you off a broken hearted Casanova
Hold me and squeeze me as tight as you can
'Cause don't you know you're my wind up toy man

Wind up toy,
Just wanna be wind up toy
Wind up toy,
Just gotta be wind up toy

Now if by chance you hear my gears fall into motion
Hey don't you know it's just a kind of laugh and a
notion
That you and I could be a perfect team
Because in my heart you are a perfect dream

Wind up toy,
Just gotta be wind up toy
Wind up toy,
Just wanna be wind up toy

Wind up toy,
Just gotta be wind up toy
Wind up toy,
Just wanna be wind up toy
