Yes, I am here  
Here at the landscape of my dreams  
And whats this perfection?  
I feel immortality next to me

I have lived my life in your arms, mother  
now Im back to show my gratitude  
Take my life, I know that Im worth of you  
And Ill live again and I will live through the Elk!

Now speak, Serpent, with my tongue  
-tell them what you think  
-infiltrate the venom in their veins  
Brother Wolf, take my mind, use my hands for thee  
and lead the way to Hall-up-high  
- take their lives

Take back what is yours!  
Ive set this sacrifice

(and now we dance  
here in this circle of flames  
We praise Your Might  
We praise Your power to liveyeah)

Fresh as the North Wind  
You blow right to my heart  
Warm as the South Breeze  
my blood now covers the sand (and on we die!)

We have lived our lives in your arms, mother  
Now were back show our gratitude  
Take our lives, if you think were worth of you  
and we will live again among the sheep  
as the Wolves!

Now speak, Hedgehog, with my tongue  
-tell them what you want  
and take revenge for a million lives

Sister Swan, spread thy wings, your enemies are mine  
and let live those who are worth of you

-taste our minds  
-taste our minds  
-taste our minds  
-taste our minds
