It's Christmas in Kansas City  
And the snow is falling down  
The Plaza lights are pretty  
Good to be in my hometown  
All the fountains are frozen over  
And the leaves have fallen thin on the ground  
There's a warm feeling here  
Lived through the year  
It's like nowhere else I've found

Cause it's Christmas, in Kansas City  
Yes it's Christmas, everywhere  
And the Plaza Lights are looking pretty....  
Kansas City, I'll be there

The people are busy shopping  
There is caroling filling the air, (caroling filling the air)  
Horses are pulling carriages  
Around the Plaza square  
Yes it's Christmas In Kansas City  
And the snow is falling down,  
The Plaza lights are pretty  
Good to be in my hometown

Cause it's Christmas, in Kansas City  
Yes it's Christmas, everywhere  
And the Plaza Lights are looking pretty....  
Kansas City, I'll be there  
Kansas City, I'll be there  
Kansas City I'll be there!  
It's Christmas in Kansas City  
Kansas City, I'll be there  
It's Christmas in Kansas City  
Kansas City....I'll be there  
It's Christmas in Kansas City  
whoooooo.....  
I'll be there  
It's Christmas in Kansas City  
Kansas City.....I'll be there!
