(Rico)

Baby the questions you ask me so crazy  
Being with you is easy, he just lazy  
No I never be out late at night  
Knowing you're at home, crying out your eyes  
Now some say relationships take work, and I agree  
But it aint hard, if you put love first  
If I was in his shoes, you'd never have to worry about  
me....

Chorus

If it was me, I never woulda let you go  
If it was me, I woulda never been so  
Blind I keep my eyes open wide  
If it was me, If it was me

If it was me, I never woulda let you go  
If it was me, I woulda never been so  
Blind I keep my eyes open wide  
If it was me, If it was me

(Charles)

Down on my knees and I, pray that sun stay down  
Cause I need more time  
To make love to you all night, all night  
But that's just me, I give you everything I  
You mean the world to me,  
If I was in his shoes, you'd never have to worry about  
me.

Chorus

If it was me, I never woulda let you go  
If it was me, I woulda never been so  
Blind I keep my eyes open wide  
If it was me, If it was me

If it was me, I never woulda let you go  
If it was me, I woulda never been so  
Blind I keep my eyes open wide  
If it was me, If it was me

## Bridge

Fellas... If you know you do it better say "hey"  
If you know you do it better and it damn near hurts say  
"hey" Fellas, if you know you do it better let me hear  
you say "hey" say "hey", say "hey"

## Chorus

If it was me, I never woulda let you go  
If it was me, I woulda never been so  
Blind I keep my eyes open wide  
If it was me, If it was me

If it was me, I never woulda let you go  
If it was me, I woulda never been so  
Blind I keep my eyes open wide  
If it was me, If it was me
